Charitable Funds managed by Cambridgeshire Community Foundation

Cambridgeshire Community Foundation manages a range of charitable trust funds on behalf of a growing number of individuals and organisations. Details of some of the funds are listed on the left hand side.

If you are interested to set up a new charitable fund, or to transfer an existing fund under the umbrella of Cambridgeshire Community Foundation, or for CCF to assist in the delivery of a programme distributing financial support to local charitable projects, please contact CCF to discuss. You will note there are many examples of people and organisations choosing to do all three of these options with CCF.

If you wish to apply for a grant, please go to the Apply page where you will be guided through the process and directed to funds that might be relevant to your needs. You do not need to identify a fund before you start the process - the decision matrix (or staff at CCF) will do that for you.
