

Cambridge Children's Charity Week Fund

The Cambridge Children's Charity Week Fund is offering grants of up to £500 to support the vital work of the charities and voluntary groups that work with children and young people living in Cambridge City.

Cambridge Children's Charity Week started in 2016 and lots of great people got involved in raising money for the Cambridge Children's Charity Week Fund. To read more about the Week and the people and organisations that helped make it a success, please visit the [CCCW website](#).

An awards event is being planned for February 2017 when the money raised in the inaugural year will be awarded to local groups, and the 2017 CCCW campaign will be launched.
