How do I know which fund to apply for?

You do not need to worry about applying for a specific fund. When we receive your Online Grant Application Form, with details of your proposed project, we will match it against the most appropriate fund(s).

How do I know if my group will be considered for a grant?

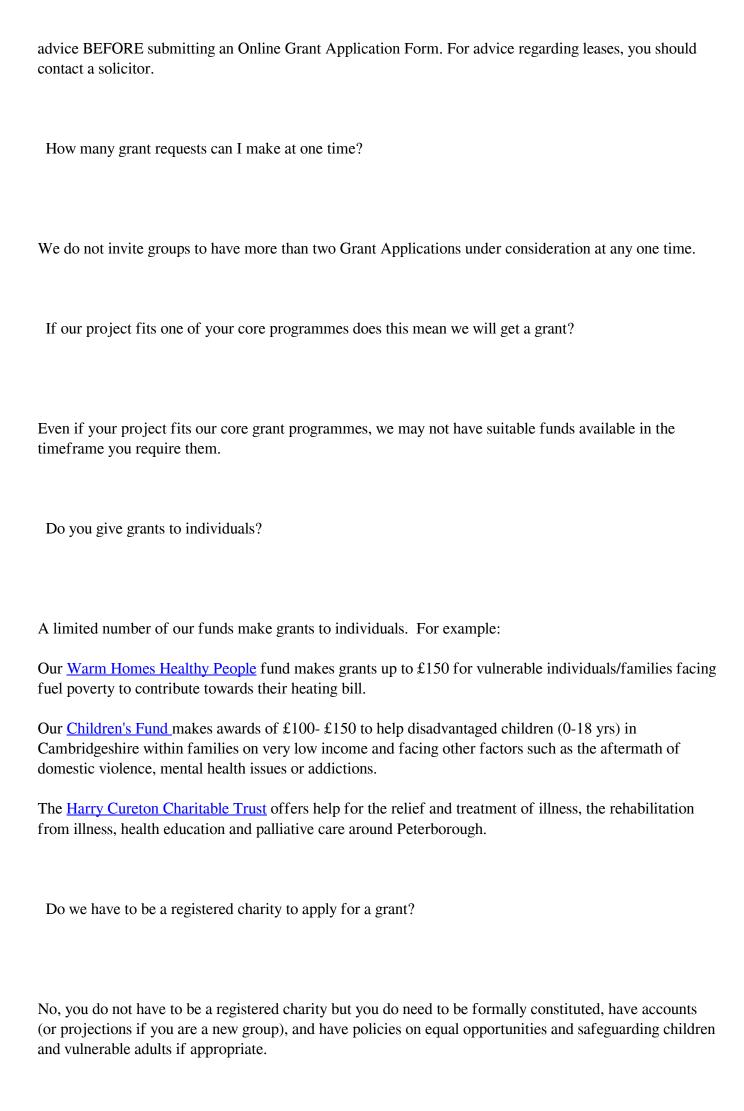

To be considered for a grant, a group must be grant ready. By this we mean the group must have the following:

- 1. A management committee of at least 3 independent people
- 2. An appropriate **governing document**, which confirms amongst other things that you are operating not for profit and with a dissolution clause which outlines what happens to any assets should your organisation cease to operate
- 3. If you are an unincorporated voluntary body and have annual income over £5,000 you will need to have registered with the Charity Commission before applying for a grant
- 4. An Equality Policy
- 5. A **Safeguarding Policy** if children and young people up to 18 years of age, or vulnerable adults are currently involved, or could become involved in in any activities or events run by your organisation
- 6. Up to date **accounts** which summarise your annual income and expenditure
- 7. To explain how, if you have run at a deficit over past year or more, you can be sustainable going forward
- 8. To be in need of a grant and not able to cover cost out of unrestricted reserves
- 9. Procedures in place to correctly track payment of expenses based on expenditure incurred and operate a payroll as appropriate. Payments for volunteers for their time or round sum allowances are not permitted.
- 10. To have a **Bank or Building Society Account** requiring at least 2 independent cheque signatories

In addition:

- If you have received a grant from CCF in past 24 months, all required monitoring to have been satisfactorily completed and submitted to CCF on time
- If you are applying for funds towards maintenance or improvement of a building or an area of land that your organisation does not own, a long-term lease will be required

If you cannot meet the requirements listed, please contact your local Council for Voluntary Service for

We fund a whole range of community and voluntary sector groups whose purposes are charitable, but who are not set up as a registered charity.

Please note - If the annual income of your group is more than £5,000, you will need to register as a charity before we will consider you for a grant.

We had a grant recently, do we need to submit all the documents again?

If you have received a grant from CCF, within the past two years, you do not need to resubmit your documents, unless they have been updated or changed.

When can my group apply for a grant?

Online Grant Applications can be submitted at any time. However most of our panels meet on a quarterly basis and some panels meet every 6 months, so you need to bear in mind that we will not usually be able to respond to an immediate need for funding.

You should allow a minimum of 6 weeks between submitting your application and the start date of your project.

Follow CCF on twitter (@cambscf) or 'like' us on Facebook to receive reminders about deadlines for certain funds.

Sign up for our grants bulletin to be kept informed about new funds, forthcoming deadlines and process updates.

Each request will required the following information:
