

Healthy Fenland Project

The Healthy Fenland Project is part of the Engaging and Strengthening Communities in Fenland Programme, funded by Cambridgeshire County Council. As part of the project there is a team based in Fenland who are working with communities to help them make the changes that they want to improve their health and wellbeing.

The "on the ground team" (contacted via [Care Network Cambridgeshire](http://www.care-network-cambridgeshire.org.uk) (01945 464289)) work with people who want to make a positive change in their "community", which might be geographically defined, interest or experience based).

Support is offered to both existing organisations, wanting to do something new, and to members of the public who want to get involved and have no previous experience. The help is based around the "Five Ways to Wellbeing" [**Connect. Be active. Take notice. Keep learning. Give.**] developed by New Economics Foundation.

As well as practical support and guidance, the Project also offers financial support from The Healthy Fenland Fund.

The Healthy Fenland Fund

Applications to The Healthy Fenland Fund for funding for charitable projects are invited from existing **and newly forming groups** that are/will be constituted, and based in Fenland. Groups must be local as the aim is to build local capacity (as the name of the Programme "Engaging and Strengthening Communities in Fenland" suggests).

Charitable projects will be supported if they seek to improve the health and well being of people living in Fenland. Projects will need to report the impact of their project by measuring one or more of the following:

1. Number of activities promoting healthy lifestyles
2. Number of people participating in activities promoting physical /mental health.
3. Number of people reporting improved physical / mental / emotional health.
4. Number of people who gain new skills as part of the project
5. Number of new volunteer opportunities as a result of the project
6. Number of people who participated in community activities as a result of the project
7. Number of people accessing support services as a result of the project

Support for new groups and new initiatives is being offered by [Care Network Cambridgeshire](http://www.care-network-cambridgeshire.org.uk) (01945 464289) and Support Cambridgeshire- [http://enquiries@cambridgecvs.org.uk](mailto:enquiries@cambridgecvs.org.uk) or 01223 464696
