

Restore Fund

Cambridgeshire Community Foundation launched a new initiative (Restore) in Spring 2016 to provide more support to local charities who work to help and protect victims of domestic abuse.

The Restore Fund offers grants up to £5000 to the key voluntary and charity organisations across the County, who have a role in preventing, and providing services and support to survivors of, domestic abuse and sexual violence. The focus for the fund initially is to support organisations that provide help to victims of domestic abuse in the immediate aftermath of violence through safe refuge, supply of clothes and toiletries, support for children, empowerment programmes and professional support.

Donations to support the Restore Fund are welcome. Donations can be made online through the CCF [Just Giving webpage](#) or by sending a cheque to Cambridgeshire Community Foundation at The Quorum, Barnwell Road, Cambridge, CB5 8RE
