

Launch event for Cambridge Children's Charity Week

21/03/2016

Cambridge Children's Charity Week is a new initiative for 2016.

During the charity week, running from 6-10th June 2016, people living, studying or working in the city are invited to get involved and raise money.

The money raised will be collected in the "Cambridge Children's Charity Week Fund".

The Fund, managed by Cambridgeshire Community Foundation, will make grants to support the vital work of the city's many charities and voluntary groups that focus on supporting local children and young people
