

New Wind Farm Fund

26/10/2015

Details of a new community benefit fund are advertised today. Applications are invited from not for profit constituted groups delivering charitable projects with public benefit for residents who live in the 6km radius around the new 13 turbine wind farm at Wryde Croft. The Farm is situated north east of Thorney, between Crowland and Parson Drove and north of the A47.

The wind farm developers will donate just over £50,000 pa into the fund from 2016 and many local good causes and charitable projects are set to benefit.

For more information about the fund, go to the Wryde Croft Wind Farm page on the A-Z listing on the CCF website
