

## **Vivienne Atkinson joins the CCF team**

25/08/2016

As the team continues to grow, so does our ambition to deliver the highest standards of advice and assistance to support philanthropy in Cambridgeshire. The introduction of the new role of Donor Support Manager will increase the level of support we give to our Donors across every aspect of our organisation, which provides efficient ways of enabling companies to connect with their communities and independent processes for the administration of grant programmes.

A former Company Director, Vivienne's background is in business, broadcast and media. Most recently she held the position of Production/ Project Manager at a rapidly expanding digital communications agency. Prior to that, she spent 12 years producing radio, live music events, TV and awards-shows for the BBC, Sky Arts, Sony and Smooth Radio. She made Cambridge her adopted home after graduating from New Hall (Murray Edwards) in 1994 and brings genuine affection for the county to the post
