

Wryde Croft Wind Farm Community Fund

Wryde Croft Wind Farm is a 13 turbine project situated north east of Thorney, between Crowland and Parson Drove and north of the A47.

From 2016 the developer of the wind farm is making contributions of just over £50,000 pa over the lifetime of the wind farm into the Wryde Croft Wind Farm Community Fund.

Applications for funding are invited from not for profit constituted groups (not individuals) delivering charitable projects with public benefit for residents who live in the Area Of Benefit for the fund - a 6km radius around the Farm as shown on [the attached map](#)

Parishes included within the Area of Benefit include *Crowland, Fleet, Gedney Hill, Holbeach, Parson Drove, Sutton St. Edmund, Thorney, Whaplode and Wisbech St. Mary* BUT NOT all of each Parish is 100% within the area of benefit so applicants need to refer to the map.
